- Elementary, middle school Park Siam City, July 9
- Curious George Saves the world, all students July 16

Curious George Saves The World

Monkey Business Means Business at ASB

The summer end finale featuring a script by Ms. Su and acting by a cast of 75, comes to Bangna July 16.

We invite all parents to a riveting show that takes everyone's hero, Curious George, through the world's endangered habitats. More details in next

Go With the Gibbons, field trips ahead

Elementary, middle school visit Chonburi

(BANGNA—) Monday business became the lesson of the week for the Bangna Eagles this week.

Students from the elementary and middle school classes visited the world class Flight of the Gibbon this week.

A privately owned corporate venture, the FOTG combines environmental awareness of habitats and rain forest with an adventurous spirit.

The miles of smiles that students show that this program was a complete success.

Elementary students challenged the Go Gibbon obstacle course, while middle school students swung through the

trees on the zip line and rappelled down platforms.

Even though participants are thoroughly protected by guides and double safety lines, the course is challenging. By completing the run, students' self confidence soars as high as the trees they've climbed. ASB teams with FTOG to provide the curriculum component. See WWW.treetopasia.com

Middle school students prepare to zip through the trees at Flight of the Gibbon, June 24.

Elementary students prepare for the Go Gibbon obstacle course on June 23. The Flight of the Gibbon provides this summer's finale theme—Curious George Save the World

Hi and Goodbye—Ms. Camilla and Ms Yazi

For ten years and two weeks this summer Ms. Yazi has given her kindergarten students a world of love and academics.

However, a personal matter takes Ms. Yazi back to Sri Lanka, and ASB is pleased to welcome Ms. Camilla Bryer to complete the

summer for Ms. Yazi.

Ms. Bryer is British and has lived in Thailand for five years. She comes to ASB from the International Pre-school Centre.

"I am very excited to be here," Ms. Camilla said. "You have such a wonderful facility."

Kindergarten cupcake kids learn while creating.
